**THE FOUNDER
SAINT HANNIBAL
MARY DI FRANCIA**

St. Hannibal was born to a knight and a noblewoman in Messina, Italy on July 5, 1851. He was orphaned at a tender age. As a young man, he had been given the intuition of the necessity of Prayer for Vocations. When he became a priest (March 16, 1878), he committed himself to the moral and spiritual redemption of the poorest area in his city, giving up all his inherited wealth to the service of God through his manifold works of charity among the poor children. He is known as the “Apostle of Prayer for Vocations” because he focused all his works on the promotion of the **ROGATE** (Latin for “pray”), following the evangelical call of our Lord as told by two evangelists: Matthew (9:37-38) and Luke (10:2) – “THE HARVEST IS GREAT, BUT THE WORKERS ARE FEW, PRAY THEREFORE THE LORD OF THE HARVEST TO SEND GOOD WORKERS INTO HIS HARVEST.” Pondering upon the meaning and message of the sacred words, he saw in them the ineffable solution for the salvation of the many poor children whom he learned to love with tender and divine affection. Fr. Hannibal founded two religious congregations, the **Rogationists of the Heart of Jesus** and the **Daughters of Divine Zeal**, to help him carry out and propagate the prayer for vocations.

Fr. Hannibal passed to eternity on June 1, 1927, but his spirit remains alive in the hearts and minds of all his spiritual sons and daughters.

He was beatified on October 7, 1990 during the Synod of Bishops and was canonized on May 16, 2004 in Rome, Italy by His Holiness, Pope John Paul II.

FOREWORD

A wholesome educational formation is possible only through cooperative efforts extended by both the home and the school. Consistency of purpose and manner in realizing this formation is best achieved through policies and regulations.

This handbook is intended for the purpose of this realization. It aims to summarize in an orderly and readable manner all the salient information and the policies and regulations of Rogationist College. Through this, it is expected that:

1. Students will acquaint themselves with the objectives, policies, procedures and regulations of Rogationist College;
2. Administrators and teachers will acquire working knowledge in guiding the education community to realize the vision-mission and goals of the school as they promote the observance of its policies and regulations; and
3. Parents will understand their role in promoting and realizing the educational and institutional objectives of the school.

The policies, rules and regulations in this handbook are intended to promote an atmosphere that is conducive to the students' personal growth founded on Christ and His Gospel to pursue God's call, in obedience to the Rogate, and in accordance with the ideals of St. Hannibal Mary Di Francia.

Part I HISTORY

Like any family or community, Rogationist College (RC) has a rich historical heritage which every RC student should be proud of. To appreciate more deeply the roots of an RC community, an overview of the history of the congregation of the Rogationists, and more particularly that of RC, is presented here.

THE ROGATIONIST CONGREGATION

The Rogationists of the Heart of Jesus (RCJ) is a religious congregation of priests and brothers founded by St. Hannibal Mary Di Francia in 1887 in Messina, Italy. Both the Rogationists of the Heart of Jesus and its sister congregation, the Daughters of Divine Zeal, are devoted to prayer and promotion of vocations in the Church, and to the education of young people, particularly the poor and disadvantaged. The legacy of St. Hannibal is kept alive by these congregations present today in Europe (Italy, Spain, Albania and Poland); in South America (Brazil, Argentina and Paraguay); in North America (USA and Mexico); in Africa (Rwanda and Cameroun); in Oceania (Papua New Guinea); and in Asia (the Philippines, India, Korea, Vietnam, and Indonesia).

THE ROGATIONIST PHILIPPINE DELEGATION

The Rogationists established their first missionary activities in the Philippines in November 1976 to promote a culture of vocation and to assist the poor, especially the children. Their long term strategy was to prepare young Filipinos to be agents of social growth and transformation driven by the ideals of St. Hannibal Mary Di Francia.

Part II
LIFE PURPOSE, GUIDING PHILOSOPHY, VISION AND MISSION

THE LIFE PURPOSE

Rogationist College exists primarily to enable the youth, especially the poor and underprivileged assisted by the St. Anthony’s Boys Village Foundation, to discover in their life the project of God by becoming good Christians and responsible members of society through Secondary, Technical and Tertiary education anchored on the formative philosophy of the Rogationists.

GUIDING PHILOSOPHY

Rogationist College (RC) in St. Anthony’s Boys Village in Silang, Cavite is a Catholic co-educational community committed to the formation of the whole human person.

RC, in its mission to help the youth, bases its educative system on a philosophy of education which is attentive to the instances of human life. It is both personalistic and vocational in nature. RC forms its students to the proper understanding and dynamics of self. The process brings them to a serene enjoyment of life according to the dictum of responsible acting and sharing.

The vocational nature of the RC system facilitates its students in the acquisition of a realistic life perspective. It is a view which is sensitive to life’s origin and destiny. RC believes and professes that every person is called not only to live but also to fulfill life as God’s gift.

RC is convinced that real education is not just academic education. It espouses a style of forming that opens avenues to the proper exercise of love of God and neighbor, patriotism, integrity, and excellence.

The educative formation of RC is always considered an encounter between the teachers and their students. In doing the personalistic and vocational approach to education, RC individuates three interrelated moments of the meeting, which ends in the mature choices for the life orientation of its students.

The first moment is **ORGANIZATION**. Here, the organizing student is met by a teacher who is a guide. In this moment, the students are initiated to find and form the most important instances of their life and then cherish them.

The second moment is **IDENTIFICATION**. Here teachers are models. St. Hannibal Mary Di Francia, founder of the Rogationist, wants all institutions of the Rogationists to educate through good examples. RC believes that for students to grow in the right direction, the edifying life of teachers is very important.

The third moment is **DECISION**. Self-fulfillment is also self-determination. At the end of the formative process, students of RC should have already acquired a certain degree of independence. Knowing better to distinguish right from wrong, they should be capable of pursuing not just terrestrial but also personal and possibly celestial good.

RC’s philosophy of education, following the teachings of St. Hannibal Mary Di Francia and inspired by the Gospel of the Christ of the Rogate, goes therefore to the roots of the human person.

-Article 76. The Child and Youth Welfare Code (Presidential Decree No. 603, s. 1974)

GENERAL POLICIES

1. The rules and regulations of RC as stated in this Handbook are intended to enhance the life in school of an RC student as he relates and interacts with the members of the school community. As such, it is understood that they are **mutual good role models of each other**.
2. It is the duty and responsibility of the parents and/or guardians to keep track of the progress of their children/wards in school. The parents and/or guardians are encouraged to confer with the school authorities at their own volition or whenever calls for conference are issued to them. This is to enhance the harmonious working relationship between the school and the home for the welfare of the student.
3. The enrollment of a student in RC is taken as an expressed willingness on his/her part, and consequently of his/her parents and/or guardians, to abide by all rules and regulations of the school. Thus, the student and his/her parents and/or guardians are committed to the strict observance of the same.
4. RC reserves the right to admit, readmit, refuse admission or exclude a student or drop the name of an erring student from

the school rolls on the basis of his/her academic performance, conduct or attendance.

5. RC acknowledges its obligations to exercise reasonable supervision over the conduct of the student and to cultivate the best potentialities of the heart and mind of the student. Its role in “loco parentis” is the exercise of substitute parental authority over students in the school and in school-related activities (Civil Code, Art. 349).
6. RC, as a Catholic school, strongly respects and adheres to the practice of holy sacrament (matrimony) and does not tolerate sexual indiscretions. Violation of this policy would merit the student appropriate disciplinary action, including but not limited to, requiring the student to go on leave or will be excluded or dropped from the school rolls.
7. RC expects its students to uphold the standards of responsibility and dignity. When a student of RC does not measure up to these standards, he/she will be excluded or dropped from the school rolls after due process.
8. Students, either as individuals or as a group, must not use the name and seal of the school without official authorization.
9. Students who are using the social media in their respective homes are not to make inappropriate comments (including in private messages) about the school personnel or other students.
10. Parents or guardians may consult or confer with teachers and instructors provided they secure appointments with the Department Head (Principal, Dean or TED Head) two days before the actual date of appointment. Concerns and/or complaints must be written and directly addressed to proper school authority rather than posting them on social media – whether on their own pages, in closed groups (e.g. groups set up for school parents to communicate with each other) or on the school's pages. Complaint posted on social media will not be entertained by the school.
11. Parents, guardians or visitors are not allowed to go to the classrooms. Messages and allowance for the students must be coursed through the Guidance Office.

In addition, parents of High School students are required to follow the agreement (to attend/participate in parents’ formation programs, PTA assemblies, etc.) signed during the enrolment of their children.
14. The “No ID, no entry” policy is strictly implemented. The school ID is required for the admittance of students and personnel to the school premises. For parents or other visitors, a visitor’s ID is issued by the guard in exchange for a valid identification card, which is returned after a legitimate business transaction or visit inside the campus. Visitors will be charged for lost visitor’s ID.
15. High School students will stay inside the campus from the moment of their arrival in the morning until their dismissal time in the afternoon. They cannot leave the school premises unless they have written permission from their parents and/or they have secured a gate pass from the Discipline Office duly noted by the Homeroom Adviser and approved by the Principal. In the absence of the Principal, the Prefect of Discipline signs the gate pass. In case of sickness/medical concern, the School Nurse will issue the gate pass.

23. Parents/Students are discouraged to post photos or videos that include other children at the school on their personal social media account.
24. In case of misunderstanding between or among the students, parents of the concerned students should not do any drastic action or in any way harass the other concerned students. Such occurrences will be settled according to the policies and guidelines stipulated in this handbook. In addition to this, cooperation of all stakeholders is needed to maintain and promote trust, respect, and dignity of all students, parents/guardians, teachers, and administrators of the school.
25. An activity permit signed by the teacher-in-charge, noted by the Student Affairs Coordinator, and approved by the Principal/Dean/TED Head must be secured by students at least two days before any school activity/practice during non-class days. This form which can be obtained from the Student Affairs Coordinator should be signed by their parents and returned to the teacher-in-charge a day before the approved activity/practice. In this way, parents are properly informed and could monitor their children's activities.
26. Students who wish to participate in any outside activity as representatives of the school should secure approval from the school administration.
27. In cases of emergency, or for valid reasons, high school students may bring cellular phones or other gadgets provided there is a letter of permission from the parents. These gadgets will be surrendered to the subject teacher, adviser or discipline officer right after the morning assembly and will be retrieved after classes in the afternoon. College students however, may bring their cellular phones but they should refrain from using these inside the classrooms, library or during school hours and liturgical celebrations.

2. Subject Grade

The subject grade is based on the percentage distribution for each periodical grade to be expressed in percentage form rounded to the nearest unit.

Grade = Prelim (0.3) + Midterm (0.3)+ Final (0.3) + Final Output (0.1)

In subjects with a combination of lecture and laboratory, the subject grade is based on the proportion of lecture to laboratory units. Hence, the subject grade for a three (3) unit subject with two (2) units lecture and one (1) unit of laboratory shall be a ratio of 2:1, lecture : laboratory, and rounded off to the nearest numeric grade.

- 5.1. Add the credit points of all the subjects to get the total credit points (TCP)
- 5.2. Divide the total credit points by the total number of units of all the subjects, and round off to two (2) decimal places.

CPS = Un x FG
TCP = CPS1 + CPS2 + CPS3 +... + CPSn
GWA = $\frac{TCP}{TNU}$

Report of subject grades will be released on the dates specified in the school calendar to students and parents without any pending accountability.

7. Completion of Incomplete Ratings

Incomplete grades incurred in a subject must be completed within **one (1) semester (45 days)** from the time the grade was given or within the set period, by the office of the dean, for grade completion.

Thus, the administration considers each student as a guardian of school rules and regulations and holds each one responsible for their observance.

I. Objectives of the Student Discipline Program

1. To develop in the students the freedom, social conscience and the commitment to be well-mannered persons.

These indicate that the students have achieved growth as Christians and worthy members of society.

APPENDIX A

MANUAL OF REGULATIONS FOR PRIVATE SCHOOLS

Section 66. Tuition Charges

A student who transfers or otherwise withdraws, in writing, within two weeks after the beginning of classes and who has already paid the pertinent tuition and other fees in full or for any length of time longer than one month may be charged ten (10%) percent of the total amount due for the term if he withdraws within the first week of classes, or twenty percent if within the second week of classes, regardless of whether or not he has actually attended classes. The student may be charged all the school fees in full if he withdraws any time after the second week of classes. However, if the transfer or withdrawal is due to a justifiable reason, the student shall be charged the pertinent fees only up to and including the last month of attendance.

The foregoing tuition fee schedules are based on the premise that a student who enrolls in a school stays enrolled for the entire school year or semester, regardless of his subsequent transfer or withdrawal.

Section 66, MRPS and Section 104, TVET Manual protect schools which accept tuition fee payments on installment – i.e., where a down payment is given upon enrollment and the balance is paid before examinations-- by requiring students who transfer or withdraw from the course to first settle their accounts before the school issues them transfer credentials.

It must be stressed that according to the stipulations of Section 62(e) of the MRPS and section 124(e), TVET Manual, a school can legally collect outstanding tuition fees from a student who has transferred or withdrawn only if he was officially enrolled. This means that the student must have at least made an initial payment of his school fees and that the school must have accepted that payment and authorized him to participate in his classes. Without these attending circumstances, there is no legal basis for the collection of tuition fee charges, since no contractual relationship between student and school was established.

A student who has paid in full or for any length longer than one month and transfers or withdraws in the first week after classes begin shall be charged 10% of the total amount due for the term (i.e. one semester for the collegiate level and TVET courses, one year for elementary and secondary levels); if he withdraws in the second week he will be charged 20%; if he withdraws any time after the second week, he may be fully charged for all fees applicable for the entire term. These charges hold whether or not he actually participated in his classes, because attendance is not the issue; what matters is that the school actually authorized him to attend them.

For purposes of determination, the day of the student’s submission of his written notice of withdrawal shall be considered the date of withdrawal. Verbal notice is not enough.

If the tuition fees, registration, library and laboratory fees already paid equal the amount still to be paid for the first month (or less) in a monthly installment scheme, no refund shall be given to the student when he withdraws after the registration period. However, if the transfer or withdrawal is due to justifiable cause, the student shall only be charged the pertinent fees up to the last month of attendance.

An existing DepEd ruling states that any promissory note signed in favor of a school by a student below 18 years old is null and void. It does not constitute the “payment of some kind” needed to establish enrollment unless a responsible relative or legal guardian acts as surety. The reason for this is that in law, a person below 18 years old is still a minor and is not legally competent to contract such a financial obligation. Yet even if the student were of majority age but still dependent on the parents or a guardian for support, the DepEd would not consider him competent to sign a promissory note. Therefore, such a note would likewise be considered null and void unless a responsible relative or guardian appears as surety.

Although the MRPS and the TVET Manual no longer provide for this, it is submitted that students are entitled to a full refund of fees for any course or subject that has been discontinued by the school, or which was not credited by the DepEd, CHED or TESDA.

COMMUNITY SERVICE GUIDELINES FOR COLLEGE & TECHNICAL EDUCATION STUDENTS

Rationale:

The community service refers to an activity being done in Rogationist College to help its students realize the importance of self-discipline and to motivate students to see the significance of compliance and responsibility over their actions, taking into consideration the policies of the school and the formation of the entire educational community. Rogationist College upholds this principle of service to promote among its members the core values stated in its vision-mission. According to the Rogationist system of education, students should be responsible in following all school discipline rules and regulations. Community service is therefore required to students who habitually violate school rules and regulations, particularly the disciplinary rules of the college department.

Procedure in Rendering Community Service:

1. The student reports to the Discipline Officer for the schedule of his/her community service. The student may perform any of the tasks such as cleaning in the canteen, classroom, campus ground, or laboratory.
 - 1.1 clerical work in offices such as filing, recording, etc,
 - 1.2 cleaning in the canteen, classroom, campus ground, or library
